Level 3 Diploma in Dental Nursing - 5234

306 Provide chairside support for the assessment of patients' oral health

Unit aim:

This unit focuses on preparing the dental environment and supporting the operator during an oral health assessment. Learners will need to demonstrate an understanding of correct legislation relating to confidentiality and the maintenance of records to facilitate recording and processing oral health assessment.

To achieve this unit, you will need to complete:

- Task A Questions
- Task B Activity
- Task C Assignment
- Task D Assessor Observations

In addition to these tasks your assessor and/or observer may ask you to complete a variety of further types of evidence including; questions and answers, reflective accounts, expert witness testimonies and personal statements.

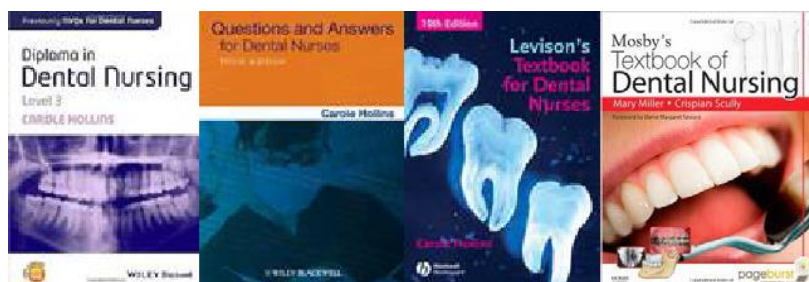

When completing these tasks please continue onto additional pages ensuring your name, signature and questions are included on each page.

The whole workbook along with any observations and all supporting evidence should be submitted when your assessor is satisfied that the evidence meets the requirements in full.

Please ask your assessor how to refer to criteria numbers in the standards.

Suggested resources:-

- Internet
- Dental catalogues
